ABSTRACT

The left (binding) margin of the thesis should be 1.5 inches and the other three margins 1.0 inch. The text should be double spaced 12 point Times New Roman and follow standard format for your discipline. Thus the body of a Mathematics Thesis might be composed in a LaTex, a Social Science Thesis would follow APA format, Humanities Thesis would follow MLA format, and Chemistry Thesis might use American Chemical Society conventions.

The Abstract follows the title page and is numbered in lower case Greek starting with “ii” in the bottom center of the page. If the Abstract is one page, the Table of Contents on the following page would be “iii.”

The Table of Contents should reflect the overall organization of the thesis. DO NOT use bold or larger fonts for headings.

The body of the text is numbered with Arabic numerals in the upper right hand corner starting with “1.”

The last page of the document contains Candidate Information as is shown in this document.
